

Our range of Double bean bags

Our Double bean bags are designed to give extra support, better grip and sharper shots
The Double bean bags have been made to last with reinforced stitching with high tensile thread
For 'Hands free' carrying our Double bean bags are available with a detachable shoulder strap

C14 Basic Double bean bag 2-3 Kg size **unfilled** (without liners) There is a velcro opening along the length of the bags which you can use to fill the bean bag with beans, rice, corn, wild bird food etc. (throw some out to attract wildlife).

C14.3 Double bean bag with 2 x 1.5 Kg size **unfilled** liners with velcro opening (including retracting cord). Using the double bean bag with liners makes the bean bag more adaptable as you can take one liner out and use the bag at half the weight. It would then be lighter to carry around and could be used instead of a tripod. Ideal for travelling abroad as you can fill the liners with beans or rice when you arrive. **MOST POPULAR**

C14F Double bean bag with 2 x 1.5 Kg size **filled** liners with inert plastic pellets (including cord).

C14.1F - small Double bean bag with 2 x 1Kg **filled** liner including cord with hand loop

C14.1 small Double bean bag with hand loop. 1.5 - 2kg size - **unfilled**

C14.2 small Double bean bag with 2 x 1Kg size **unfilled** liners and cord.

C14.5 large Double bean bag - **unfilled**

C14.5F large Double bean bag with **filled** liners (weight 2 x 2.75kg apx.)

C14.6 large Double bean bag with **unfilled** liners and cord

C13.3 Retracting Cord - adjustable
 There is a useful 6cm loop on bean bag.
 You can attach a retracting cord to it when using on a car door.

The following bean bags come with a retracting cord included C14.3, C14F, C14.2 and C14.1F, C15.5F.
