

Mini Bean bag & cover® by Wildlife Watching Supplies®

Unit 9, Tiverton Way,
Tiverton Business Park,
Tiverton, Devon,
EX16 6TG. 01884 254191
wildlifewatchingsupplies.com

On super zoom and bridge cameras the balance of the camera changes as the lens extends and the camera can dip losing your intended subject.

With your camera supported on the Mini bean bag the zoom travel is smoother keeping you on shot and focused, essential if you are using the HD video option. With super zoom cameras any slight movement is magnified.

Our 'Mini bean bag & cover' has been designed for Super zoom, Bridge, SLR cameras, and Scopes.

Better focusing, sharper shots, smoother HD videos. Offers a stable support in low light and when working at high magnifications.

The Mini Bean bag & cover also offers good protection and camouflage for Wildlife photography

First designed for military patrol and reconnaissance use

The 'Mini Bean bag & cover'® is a Registered design of
